November 2018

Dear Parents/Guardians

Havering Sixth Form College Open Days

We warmly invite you and your son to our Open Days on **Saturday 17th November 2018** and **Saturday 19th January 2019 between 10am and 3.30pm** (last entry at 2.30pm.)

We are happy for you to attend one or both of these events and encourage you to arrive early and to take the time to attend a presentation by the Principal in the Lecture Theatre.

This is a very important time as your son considers his next step. The purpose of our Open Days is to enable you to see for yourself the excellent facilities we have on offer and to explore the broad range of options we have, including the Aiming High Programme for those students predicted GCSEs mainly at grade 9/8 and, for Havering students only, the Progression Year for those who may need to re-sit some or all of their GCSEs or take an alternative Level 2 programme.

During the day there will be:

- formal presentations, including
  - the Principal's presentation
  - the Aiming High presentation
  - the Progression Year presentation for Havering students
  - subject presentations throughout the day
- drop-in sessions with staff and students
- a showcase of the range of clubs, societies and enrichment opportunities available at the College
- an opportunity to visit our excellent Careers centre – The Cube
- an opportunity to visit our SEND centre – The Zone
- tours of the whole College

On the reverse of this letter we have highlighted why you should choose Havering Sixth Form College.

We will publish a full list of all of the timings of every presentation and drop-in session on our website before the event to help you plan your visit in advance. For full course information, please refer to the comprehensive course list on our website.

We do recommend taking the time to do some research before your visit on courses that may be of interest and to take the time either before your visit or at the start of your visit to plan your day to get the most from it.

Our Open Days are extremely popular so it is likely that parking will be severely limited, please consider therefore using public transport but if you do come by car and need to park in nearby streets please allow time to park and walk to the College and please be considerate to our neighbours. There will be reserved parking for people with disabilities – please ask one of our car park team for help.

We strongly encourage students to attend the Open Days with a parent, guardian or other adult. Please be aware that large groups of unaccompanied students may be refused admission to the Open Day.

We look forward to your visit.

Claire Martin
Manager – Marketing, Recruitment and Admissions
